

Document Review Record

This form, or a similar form, is used to record technical review comments and responses for risk-related documents. According to the Environmental Management and Enrichment Facilities (EMEF) procedure "Technical Review of Environmental Restoration Program Documents," ER/C-P1104, Rev. 1, PCN No. 1, all risk-related documents must be reviewed by two Risk Assessment Council (RAC) members or approved RAC technical reviewers.

As Quality Assurance (QA) records, completed forms must be sent to the RAC Technical Coordinator, the Risk Assessment Program (RAP) Quality Assurance Specialist (QAS), or other designated individual.
